

# MORTON EAST HIGH SCHOOL

Math Department

---

---

Graphing calculators are an integral part of Pre-Calculus and AP Calculus. You have already learned how to operate a graphing calculator in Pre-Calculus and will continue to use this valuable technology during AP Calculus at Morton East and throughout your math courses in college.

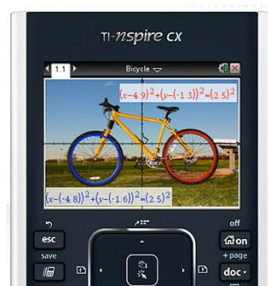

You are required to use a graphing calculator for the AP Calculus exam. If you already have a TI-Nspire or TI-84, you are already prepared.

If you don't have one yet, the Texas Instrument TI-Nspire CX is the suggested graphing calculator. Calculators can be purchased at local stores or online.

**Notice: The TI-Nspire CAS (CAS stands for Computer Algebra System) and TI-89 ARE NOT allowed for the ACT, but are allowed for the SAT & AP exam.**

Permitted on SAT & AP Exam

Permitted on ACT & AP Exam

Thank You,

*AP Calculus AB & BC Teachers*
